To Rutgers International Students:

In order to simplify payments for our international students, Rutgers, The State University of New Jersey (hereinafter referred to as the University) has contractually secured a global banking network to facilitate the collection of payments from your country. The attached "Payment Instructions" must be followed precisely to ensure that the University receives and accurately applies the indicated currency amount without delay.

The beneficiary displayed on the Payment Instructions page is authorized to accept payments on behalf of the University. Depending upon the country, the beneficiary may be listed as "Rutgers University" or as the authorized collection agent that facilitates our payment collection in your country, for example, "peerTransfer Education", "peerTransfer d/b/a Flywire", or "Flywire".

Please follow the attached Payment Instructions precisely to ensure that only the specified currency, in the specified amount, is released to the indicated beneficiary so that the University can process the funds to satisfy the payer's designated student account at the University.

Please direct any questions to the Rutgers Student Accounting Help Desk at 848-932-2254 or Flywire at www.flywire.com/contact.

Thank you for your cooperation.

Sincerely,

Richard Aks
Vice President Finance & Associate Treasurer
